

Dear Community Sponsor:

Our school would like to ask you to participate in an exciting new program! ClassBrain, Inc., an education company, has a unique opportunity for your company and our students.

By sponsoring memberships for our student body on ClassBrain, you will be making exceptional resources available to all of our students, both at school and at home. In addition, our school receives a fundraising fee of **\$5 for every student, parent, or teacher** that enrolls at ClassBrain and identifies their affiliation with our school!

To thank you for extending access to our students, your logo will be displayed to all students, parents, and teachers from our school who are registered with ClassBrain. This means that for the next full year, every registered parent, teacher, or student from our school who logs onto ClassBrain will see **your company identified as our Community Sponsor!**

We hope that you will sponsor our entire student body in this special program. If you can only sponsor a portion of our student body, we may be able to arrange for a time-sharing logo identifier.

You can write a tax-deductible check to our school PTA for the amount shown on the attached information sheet. The generosity of your sponsorship will give our students access to all of the wonderfully researched educational materials that ClassBrain provides. Thank you in advance for your support.

Sincerely,
